Our approach yields results

We source proprietary deals for private equity, family office, and strategic investors. Our dedicated team has operating and investment experience across founder-owned companies, thus generating meaningful owner relationships and results. Since 2018, we have generated consistent results across hundreds of industry searches for search funds. We focus on most types of transactions in the US and Canada between \$1M to \$25M EBITDA. Our goal is to provide the highest level of service and quality curated pipeline so you can stay focused on your core strength.
